

**EUROCONSTRUCT REPORTS
AVAILABLE FROM DKM
IMMEDIATELY AFTER CONFERENCE
ON JUNE 25th 2010**

1. ABOUT EUROCONSTRUCT

EUROCONSTRUCT is the main network for construction, finance and business forecasting in Europe.

DKM Economic Consultants is the Irish member of the organisation.

EUROCONSTRUCT was established in 1975 by a number of specialised research institutes and consulting organisations as a study group for construction analysis and forecasting. It has since expanded from the core group to include almost all Western European countries and a number of Central and Eastern European states. At present, **EUROCONSTRUCT** has member institutes in 19 European countries.

EUROCONSTRUCT forecasts are widely used both by the industry and, increasingly, by the investment world.

2. EUROCONSTRUCT REPORTS

The **69th EUROCONSTRUCT Conference** was held in Dublin on **Friday 25th June 2010**.

The proceedings of the conference are available in a selection of reports from DKM immediately after the conference (see next page).

A). The SUMMARY REPORT provides:

- Short-term construction market forecast (to 2012) for the main market segments (housing, non-residential buildings, infrastructure and civil engineering, all sub-sectors with a breakdown in new work and renovation/modernisation activities) - summarized for nineteen European countries.
- A series of papers on the special topic: ***Recovery Strategies – Positioning the Industry for the Upturn***. In this session, a team of leading international experts will speak on strategic issues including the funding of construction, consolidation and diversification trends, innovation, new markets and opportunities.

B). The ALL COUNTRIES REPORT provides:

Detailed economic and construction forecasts (to 2012) for the main market segments (housing, non-residential buildings, infrastructure and civil engineering, all sub-sectors with a breakdown in new work and renovation/modernisation activities) for **each** of the 19 Euroconstruct countries.
